RESOLUTION # 19-08-07

## A RESOLUTION TO Approve Entering Into a Contract for the Purpose of Implementing a Single-Stream Recycling Program

**Whereas**, Recycling Committee, has directed that an evaluation of the current County dual-stream recycling program be prepared, along with recommendations for updates and improvements in the form of a program Action Plan, and

**Whereas**, Bruce Fuerbringer, the Interim Recycling Director performed the requested evaluation and submitted a draft Action Plan that was reviewed and modified at the Committee's direction and resubmitted in its finalized form, and

**Whereas**, the Action Plan presented both specific and estimated information and cost factors relating to operational positions and equipment costs, and

**Whereas**, through research and program evaluation, the Recycling Committee recommends that it is in the County's best interests to switch from a Dual-Stream recycling program to a Single-Stream recycling program to increase participation and improve program sustainability, and

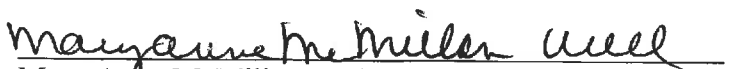

**Whereas**, the Recycling Committee recognizes that program improvements may result in increased costs to County residents and property owners as outlined in Attachment I, and will work to limit increased costs as much as possible,

**Now, therefore**, be it resolved, that the Buffalo County Board of Supervisors hereby grants authorization to the Recycling Committee to direct the Interim Recycling Director to enter into a Recycling Agreement with *Green Circle Recycling, LLC* of La Crosse, WI to provide single-stream recycling services to the County, per the terms identified in the agreement labeled as *Attachment 1*.

Adopted at a duly called and noticed meeting of the Buffalo County Board of Supervisors on the 26<sup>th</sup> day of August, 2019.
